

FOR IMMEDIATE RELEASE:

The BOBCATSSS 2009 symposium takes place in Porto, Portugal on 28th, 29th and 30th January.

Target groups of the symposium are students and professors in the field of Information science. The BOBCATSSS 2009 symposium is organised by students from the University of Tampere, Finland and the University of Porto, Portugal.

What is BOBCATSSS?

BOBCATSSS is an annual symposium organised by students at a number of universities in Europe. It takes place under the auspices of EUCLID (European Association for Library and Information Education and Research) and deals with themes from library and information science. The symposium attracts every year about 400 students and teachers from all over the world. BOBCATSSS is a great forum to meet other information science students and professionals and to visit the host city with all its attractions.

BOBCATSSS 2009

In January 2009 information science students and professionals come together for the 17th BOBCATSSS conference. Next year's conference theme is 'Challenges for the New Information Professional'. The organising committee is expecting participants from nearly every continent.
